SOIL:

Central Area with continental unique Mediterranean climate that associates dryness and cold winters with hot summers and humid wind. Vineyard placed at 722 meters above sea level (Chalky lands not very deep).

WINE SPECIFICATIONS:

Finding the right moment for grape harvest was the most delicate work awaiting until grapes have all their characteristics. Once arrived to the winery grapes may pass through a screw conveyer which separates the grapes from the stem and leaves. After that, must is introduced into soaking tanks where the fermentation process begins, then wine is filtered and added orange and lemon juice which gives the fruity flavour. Finally it is bottled.

TASTING NOTES:

This is a sweet traditional and refreshing wine drink produced from white wine with different fruits and cinnamon aromas.

- **SIGHT:** clear yellow colour, bright, luminous and attractive.
- **AROMA:** intense aroma with citric notes of fruit and cinnamon.
- **TASTE:** Sweet taste with notes of apples, citrus as well as touches of cinnamon.
To be served chilled between 6°C to 8°C.

CONSUMPTION ADVICE:

A traditionally Mediterranean cooler for refreshment before or after meals, as well as accompanies any appetizers, salads, paella, pasta, barbecue...
